CERTIFIED NURSE ASSISTANT

Welcome to the Certified Nurse Assistant Program

The Certified Nurse Assistant (CNA) is an important member of the healthcare team who assists the nurse with the care of patients in skilled nursing facilities, home health agencies, clinics, and hospitals.

The Nursing Assistant Certificate includes 226 hours of lecture, skills lab, and clinical practice. The program is offered Spring, Summer, and Fall for 10 weeks, 3 - 4 days/ week. The course is limited to 30 students each semester. Upon successful completion of the course, the student will be eligible to take the State Certification exam for licensure.

The Santa Rosa Junior College Certified Nursing Assistant Program is accredited by the California Department of Public Health (CDPH).

Student testimonials

"I ended up getting into the nursing program at the local community college after taking the CNA program! I've said it many times but I appreciate the guidance you've given me and the devotion you have for your students' success, and I have many fond memories of the CNA program. It's truly helped me become a great CNA."

Jacob E.

"I just wanted to let you know that I passed both written and skills exam!! Thank you so much for taking the time to teach me and others so we can join you in the medical field. The CNA program is something I'll never forget. So again, thank you!"

Abby B.

"I passed both my Written and my Skills state exam. I just personally wanted to say thank you for all the experience and knowledge that I have learned while being in your class and it has been a pleasure to be in your class. I remember in the beginning I felt that I struggled with the skills but as time went by, everything started to make sense, especially during clinicals. I also want to thank all of the instructors because I have learned a lot. Thank You!"

Jennifer T.

"I received my first (hopefully not last!) acceptance for nursing school! Thank you so much for helping me grow on this path! I have appreciated this CNA training as my foundation above measure!"

Thea K.

"I just wanted to let you know that the state exam went well and I received my results yesterday. I passed both parts of the exam! I wanted to thank you for everything! I had a good time in your class."

Jessica L.
